## KENSINGTON TOWN REPORT

### TOWN WARRANT

To the Inhabitants of the Town of Kensington in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Kensington Town Hall in said Kensington on Tuesday, the 9th day of March, next at 10 o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To vote by Ballot: To see if the Town wishes to accept the amendments to the Zoning ordinance and the addition thereto as proposed by the Planning Board.

3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same. The Selectmen's estimate of expenditures for the ensuing year is \$39,714.04.

4. To see if the Town wishes to allow a discount on taxes paid within 30 or 60 days after presentation of tax bills.

5. To vote on the basis of payment and the amount thereof to be paid the Tax Collector for the collection of taxes.

6. To see if the Town will grant the Selectmen authority to borrow money in anticipation of taxes.

7. To see if the Town will vote to authorize the Selectmen to sell any Real Estate acquired by Tax Collector's Deed, such sale to be by Public Auction.

8. To see if the Town will vote to raise and appropriate the sum of Twelve Hundred Dollars (\$1,200.00) to clean and paint the interior of the Town Hall including kitchen, also making minor repairs where necessary.

9. To see if the Town will establish a Town Conservation Commission as set forth in R.S.A. 36-A.

10. To see if the Town will vote to become a member of the Southeastern New Hampshire Regional Planning Commission. This Commission will have membership of at least two of the municipalities in the area. The objective of this Commission is to plan for and encourage regional planning analysis, provide consensus on major problems of regional concern and to assist in the affectuation of projects which extend beyond the boundaries of a particular town. The Commission will have no

jurisdiction over any matter of local affairs. It will be primarily advisory. Two members of the regional planning commission shall be from (the town) to be appointed by the Selectmen.

11. To see if the Town will vote to appropriate the sum of Six Hundred Nineteen Dollars and Eighty cents (\$619.80) to finance studies to be conducted by the regional planning commission. These monies will be used for financing planning studies which must be approved by the regional planning commission. These funds may be used in conjunction with other state and federal funds available for planning purposes.

12. To transact any other business that may legally come before the meeting. Business meeting starts at 7:00 P.M. Polls will close at end of business meeting.

Given under our hands and seal, this 21st day of February, in the year of our Lord nineteen hundred and Seventy-one.

### LIBRARIAN'S REPORT

#### CIRCULATION

Adult Fiction	2,025
Adult Non-fiction	2,275
Juvenile Fiction	3,067
Juvenile Non-fiction	1,528
Recordings	58

Total 8,953

Circulation for 1970 was up 230 over the circulation figure for the previous year. The last four months of the year were very busy and circulation figures climbed during that period.

125 books were purchased for the library in 1969 and 60 gift books were added to the collection. We, again, received \$100.00 in Grant-in Aid funds from the state which was expended on Reference Books. Memorial Funds were given by the Sunset 4-H Club in memory of Donald Willoughby. "A Car Called Camellia" by O'Connor, "Let X Be Excitement" by Harris, "Strange But True Hockey Stories" by Fischler, "Famous Basketball Stars" by Hueman and "The Concise Encyclopedia of Sports" were purchased from this fund. Mr. and Mrs. Harold Y. Smith gave the book "Custer Died for Your Sins" by Deloria in memory of Robert Sawyer. Elaine Tuttle donated money to purchase books in memory of her Grandmother, Nora Taylor. With this fund was purchased "Whistle and I'll Come to You" by Sligh, "The Secret Woman" by Holt, "The Young Clementina" by Stevenson and "Lovers All Untrue" by Lofts. Money was given in memory of Erward White by Robie Beckman. Memorial books purchased from this fund were "Plenty of Sea Room" by Cleaves and "The Trumpet of the Swan" by E. B. White.

Gift books were received from Mrs. Edith Keough, Mrs. Leslie Frank, Mr. and Mrs. Walter Spalding, Mrs. Charlotte Hutton, The Exeter Library and a set of Colliers Encyclopedia from the Davis Library of Phillips Exeter Academy.

We are continuing to purchase the books for the Library through the Lane Memorial Library Book Purchasing Cooperative and find that this is very satisfactory.

## KENSINGTON TOWN REPORT

In celebration of National Library Week, the Friends of the Kensington Library sponsored Mr. Ronald Rood, author of many books on wild life, who gave a slide lecture on "Wild Brother." A large and enthusiastic audience enjoyed the program. The Friends, also, held a Coffee and Book Review at the home of Mr. and Mrs. John Thomas. Mrs. Charlotte Hutton, Librarian at Lane Memorial Library, Hampton, was the reviewer. Mrs. Gerald Head is chairman of the Friends of the Library.

The Social Library Trustees held an open house in July to celebrate the 75th anniversary of the library building. At this time an American Flag and flag pole were presented to the library by the Auxiliary to the American Legion. The presentation was made by Mrs. Evelyn Hale and Richard Prescott, chairman of the Social Library Trustees accepted the flag.

The Social and Public Library Trustees held a used book sale in June which was very successful.

2,038 books were borrowed from the Bookmobile during the year. Due to difficulties with the bookmobile, only 3 visits were made to the library during the year.

Starting the first of Nov. the library has opened at 2 p.m. (instead of 2:30) on Thursdays so that the school children could visit the library by classes and accompanied by the teachers to select books and to do research work on projects. This has proved a very successful experiment.

Mrs. Aubrey Haines has been coming to the library for several hours a week for the last few months to work as a volunteer. I wish to thank her for her many hours of service to the library and the librarian.

Mrs. June Armstrong has continued as substitute librarian. Mrs. Armstrong attended Public Library Technique classes at the University of New Hampshire during the summer.

I wish to thank both boards of trustees, the Friends and any others who have helped with the library during the past year.

Respectfully submitted,

LUCY C. BLODGETT

Librarian

### REPORT OF THE PLANNING BOARD

This past year the Planning Board has been active in refining old ordinances and devising new ones in an effort to promote the orderly growth of the town. Concerned that citizens should understand the reasons for the proposed ordinances, the Board has made a major effort to reach individuals and organized groups of all kinds, explaining and illustrating to them that the serious threat to our environment and to our tax rate presented by uncontrolled and chaotic development. Confident that a fully informed electorate will share its concern, the Board with the full cooperation of the selectmen unanimously commends to all voters the following amendments and ordinances.

#### **Ordinances proposed by the Kensington Town Planning Board for voting on March 9, 1971.**

##### AMENDMENTS

AMEND ARTICLE VI to delete word "residence" and substitute therefor the words "any building."

AMEND ARTICLE VIII by substituting for it the words:

The selectmen shall require the posting of a bond before any gravel pit or similar excavation is opened. The size of the bond will be determined by the selectmen and made public prior to a public hearing. Before a permit is granted anyone owning land abutting shall be notified in writing, and a hearing shall be held within 30 days of the request for a permit.

Removal of earth products in excess of 50 cubic yards per year, such as clay, loam, sand, stone, or gravel requires a written permit each year from the selectmen. Granting of the permit will be contingent upon an understanding that when the operation or lease is completed the area will be re-graded, re-loamed to a minimum depth of four inches, or otherwise recovered to insure that the premises will be left in sightly condition and protected against erosion.

AMEND ARTICLE X by adding:

"Paragraph C.

1. Signs may be illuminted by continuous white lighting only.

2. Signs shall be limited to an overall height including supporting structures to 15 feet above ground level."

AMEND ARTICLE I and ARTICLE III as follows:

Amend Article I, Paragraph B, to delete the first sentence and substitute therefore the words:

## KENSINGTON TOWN REPORT

"The lot area of any dwelling or residence shall not be less than two (2) acres except that one dwelling may be located on a lot of less than two acres providing this lot was duly registered in the County Registry of Deeds at the time of passage of this ordinance." and

Substitute for Article III the words:

"Every building lot shall have a minimum frontage of two-hundred and fifty (250) feet abutting upon a public street or road, or a 66-foot right-of-way for property not abutting on a public street or road."

### NEW ARTICLES

ARTICLE XI — Upon any well-founded information that this ordinance is being violated, the selectmen shall take immediate steps to enforce the provisions of the ordinance. A written warning will be issued by the selectmen. If, after a reasonable time limit set by the selectmen, the ordinance is still being violated, the violator shall be subject to a fine not exceeding \$25 for each violation. Each day that any violation is allowed to continue constitutes a separate offense. The Board of Selectmen may institute in the name of the town any appropriate action or proceedings to prevent, restrain, correct, or abate violations of this ordinance.

ARTICLE XII — Commercial uses of land shall be allowed provided that at a public hearing held by the Planning Board it is shown that in addition to all ordinances governing residential buildings the following provisions are complied with:

- (a) Minimum lot size shall be two acres
- (b) Minimum frontage shall be 250 feet
- (c) Setback shall be a minimum of 100 feet from the established right-of-way and a minimum of 50 feet from any property lines, with the exception of stands for the sole purpose of selling farm produce.
- (d) Adequate off-street parking facilities shall be provided for customers, for freight and delivery trucks, and for employee and visitor parking.
- (e) Adequate facilities must be provided for all waste disposal including but not limited to sewage, chemical and industrial wastes generated.
- (f) Any use that may be obnoxious or injurious by reason of the production of excessive odor, dust, smoke, refuse matter, fumes, noise, vibration, electronics disturbances or similar conditions or that are dangerous to the comfort, peace, enjoyment, health, or safety of the community or lending to its disturbance or annoyance shall be prohibited.

## KENSINGTON TOWN REPORT

(g) Any change in the nature of the grounds upon which the original approval was granted must be resubmitted to a public hearing as provided above.

ARTICLE XIII — Industrial uses of land shall be allowed provided that at a public hearing held by the Planning Board it is shown that in addition to all ordinances governing residential buildings the following provisions are complied with:

(a) Minimum lot size shall be two acres.

(b) Minimum frontage shall be 250 feet.

(c) Setback shall be a minimum of 100 feet from the established right-of-way and a minimum of 50 feet from all property lines.

(d) Adequate off-street parking facilities shall be provided for customers, for freight and delivery trucks, and for employee and visitor parking.

(e) Adequate facilities must be provided for all waste disposal including but not limited to sewage, chemical and industrial wastes generated.

(f) Any use that may be obnoxious or injurious by reason of the production of excessive odor, dust, smoke, refuse matter, fumes, noise, vibration, electronic disturbance or similar conditions or that are dangerous to the comfort, peace, enjoyment, health, or safety of the community or lending to its disturbance or annoyance shall be prohibited.

(g) Any change in the nature of the grounds upon which the original approval was granted must be resubmitted to a public hearing as provided above.

ARTICLE XIV — Multiple dwellings shall be allowed provided that at a public hearing held by the Planning Board it is shown that in addition to all ordinances governing residential buildings the following provisions are complied with:

(a) Minimum lot size shall be two acres for the first unit plus one acre per unit for each unit thereafter. By "unit" is meant a place of occupancy by one or more persons as a family group independently of other occupants of the building.

(b) Minimum frontage shall be 250 feet for the first unit plus 100 feet for each unit thereafter.

(c) Setback shall be a minimum of 100 feet from the established right-of-way and a minimum of 25 feet per unit from all property lines.

(d) Off-street parking shall be for a minimum of three automobiles for each unit.

(e) Buildings shall be limited to the ground level plus one level higher and one level lower.

(f) All wiring, water, plumbing and septic systems shall

## KENSINGTON TOWN REPORT

meet state and local requirements.

(g) Minimum living area of each unit shall be at least 650 square feet.

ARTICLE XV — To authorize the Board of Selectmen to appoint an inspector of Buildings who shall hold office for a term of one year as authorized by Sec. 1, Chap. 156, Rev. Stat. Ann. 1955.

ARTICLE XVI — Any persons, persons, partnership or corporation intending to construct a new building, move an existing building, or to make structural alterations to existing building, said alterations to exceed \$500, or to locate a mobile home in Kensington shall first make an application for a permit on forms obtained from the building inspector or selectmen. A permit fee of one-tenth of one percent of estimated value of the new building, structural alteration, or mobile home will be charged, with a minimum fee of \$2. All fees shall be returnable to the building inspector and shall constitute payment in full for his services.

ARTICLE XVII — Electrical wiring installed in any new building or during and reconstruction, alteration, or remodelling of any building shall conform to and comply with the regulations and amendments of the National Board of Fire Underwriters, and regulations known as the National Electric Code.

ARTICLE XVIII — Every building, including mobile homes and modular homes to be used as a residence, shall have a minimum living area of six hundred and fifty (650) square feet.

ARTICLE XIX — All structures, including mobile and modular homes to be used as residences, shall be set on solid peripheral foundations of cement, brick, stone, or other acceptable masonry. The wheels must be removed from mobile homes.

ARTICLE XX — Mobile homes shall be removed from Kensington within one year of their last occupancy.

ARTICLE XXI — All dwellings, commercial and public buildings, mobile and modular homes, shall be equipped with an adequate sewerage system. The type, size, and construction shall comply with current state regulations. A percolation test of the soil is required, and an acceptable plan for a sewerage system filed with state Water Pollution Control Board is to be approved before a building permit can be issued.

### REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The fire season of 1970 was not a quiet one in this area, on the contrary, it was a very busy time with some towns reporting a greater number of fires than in past years. This record is not good.

Both state and towns are striving to meet this challenge. Results show that we are not doing enough, we must do more in the matter of fire prevention education, a more active inspection program and a more prompt, complete investigation of fires where definite cause is not known with court action where the need is indicated.

We must insist that minor children are given needed supervision, this is a parent's responsibility.

Your Warden and District Chief stand ready to help in this work.

Our gratitude to all who have helped in forest fire prevention and suppression this past year and we look forward to this continued help in our effort to improve our good prompt detection system and fast suppression action. This, coupled with a good prevention program, will improve our fire record.

Follow these simple suggestions to help:

Set a good example for others by observing fire permit laws and regulations; take your debris and waste to the town dump; keep matches away from children and be sure your smoking material is dead out when discarded.

### OFFICERS OF THE KENSINGTON POLICE DEPARTMENT

Paul Steeves      Arthur Wiggin, Jr.      William Simon

The year 1970, the Town of Kensington saw a substantial decrease in automobile accidents. Unfortunately we had one motor vehicle accident that resulted in a fatality. In addition to this tragedy we also experienced an accident involving a young person on her bicycle leaving school. This accident was most unfortunate but the tragedy of this was that the operator of the motor vehicle chose not to stop and lend assistance but to disregard the lawful and moral responsibility of a motor vehicle operator and continued on his way. This person was apprehended and dealt with accordingly.

Members of the Kensington Police Department would like to think that our Highway Safety Program was responsible for the reduction in highway accidents. It is not unreasonable for us to believe that Kensington should not have a single accident resulting in personal injury. This however was not the case this year.

## KENSINGTON TOWN REPORT

Apparently the only way our highways can be safer and our homes more secure is through continued fair, firm and formal law enforcement. To achieve this, efforts have been made to continue a Highway Safety Program with Federal financial assistance. It is unlikely that any money will be made available this year for a new program. Because of the demands of other towns that have not yet participated, Kensington will have to wait its turn. We are all very proud of this program as I know you are.

Goals for the coming year have been established as continued and increased weekend and night patrols. Continuing efforts will be made to keep Kensington a safe place to live and travel through.

This year the Kensington Police Department will be headed by a new Police Chief as I have resigned my position to your Selectmen. As I look back I know the pleasure of serving you was both rewarding and a very gainful experience. I regret that I was unable to accomplish more in this position but have been assured that the same parameters will be followed in the future.

I would like to express my appreciation for the cooperation the department has received from the citizens of the Town of Kensington, The Board of Selectmen, Rockingham County Sheriff's Office, State Police, Police Departments in bordering towns, and citizens from other towns.

Mr. Paul Steeves has been selected to replace me on the Police Department. I hope and ask each and every citizen to support him in the execution of his duties just as you have with me.

Respectfully submitted,

DONALD G. COSTELLO

### RECREATION COMMISSION REPORT

The Kensington Recreation Commission has completed its first phase of developing our recreation area. The baseball field is completed except for the base paths which will be done this spring. A toilet has been put in. In addition, the area around the field has been cleared and a parking lot has been made.

The Recreation Commission could not have accomplished this without the many volunteers who gave their time and material. The Commission would especially like to thank Mrs. Keough who gave us a large supply of loam and Mr. Drew who built the toilets at no cost to the town for his labor.

The Recreation Commission again sponsored the swimming program under the direction of Sally and Jill Shute. They held a very successful program.

HAROLD W. BODWELL  
Chairman

### CIVIL DEFENSE REPORT

There is an emphasis on the development of a "Community Shelter Plan" in every community throughout the nation. A (CSP) will tell us the best procedure to follow in the event of a disaster.

This plan will be developed by the community planning officer for the state, with local assistance and at no cost to the community. The success of this program will depend on the cooperation of local leaders.

Anyone desiring to construct a shelter of their own can obtain information and plans by contacting me by phone or mail. These plans are available at little or no cost and include those offering maximum protection at lowest cost as well as more elaborate ones that will add to the utility and attractiveness of the home.

ANDREW MERTINOOK  
Civil Defense Director

KENSINGTON TOWN REPORT  
**EXETER AREA VISITING NURSE ASSOCIATION**

In its third year as a member town in the Exeter Area Visiting Nurse Association, Kensington continued to well utilize its important services. This year 546 visits were made by the professional staff which includes seven registered nurses and one registered physical therapist.

The Association is devoted to bringing skilled nursing care and physical therapy into the home regardless of ability to pay. They are always given under orders and supervision of the patient's own physician. Skilled nursing care includes bed baths, medication, dressings, treatments and injections. In addition to physical care, an important aspect in the total program is an ever expanding service of health teaching and health supervision. Acquiring better health knowledge can often prevent accidents, illness and disease and save many health dollars. Physical therapy includes exercising, massage, application of hot packs and gait training.

The agency is fully certified to handle all Medicare and Medicaid patients.

To arrange for visits, please call between 8:00 A.M. and 4:30 P.M. on Mondays through Fridays at 772-2981.

## KENSINGTON TOWN REPORT

### SCHOOL DISTRICT WARRANT

To the inhabitants of the School District in the Town of Kensington, County of Rockingham, State of New Hampshire, qualified to vote in District Affairs:

You are hereby notified to meet at the Town Hall in said Kensington on Saturday, the sixth day of March, 1971, at 7:30 o'clock in the afternoon to act upon the following articles:

1. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the School District.

2. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen and pass any vote relative thereto.

3. To see if the District will authorize the School Board to appoint a building committee by May 1, 1971, and to employ an architect to study and prepare plans for an addition to the elementary school and for this purpose to raise and appropriate the sum of \$300.00.

4. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payments of salaries for School District officials and agents and for the statutory obligations of the District.

5. To chose Agents and/or Committees in relation to any subject embraced by this Warrant.

6. To transact any other business that may legally come before this meeting.

Given under our hands at said Kensington this 12th day of February, 1971.

CHARLES A. GEORGE

## KENSINGTON TOWN REPORT

### 1970-71 SUPERINTENDENT'S REPORT

Edward A. Adamo

The new school year began with a Union-wide faculty meeting at the AREA Junior High School on Tuesday, September 8, 1970. Classes opened for instruction on Wednesday, September 9, 1970.

Kensington Elementary School opened this year with 136 pupils, a decrease of 4 pupils under the beginning of school a year ago.

In curriculum, the school has this year introduced a new science program Grades 1-4 and corrective reading part-time during the week. Scott Forsman, publisher of our present reading series Grades 1-6, has announced discontinuation of its existing series in 1971. This has stimulated our professional staff to examine new programs, including Scott Forsman's, with the object to replace the existing readers over the next few years.

Miss Whittemore reports continued success with the volunteer, teacher aides program. Mrs. Blodgett has been working with children on school programs at the town library. The corrective reading program has made a good start with instruction provided by Mrs. Carol Graves.

A dedicated, hard-working faculty, supported by its School Board and community is very much in evidence at Kensington. This team-work inevitably has a beneficial effect upon the children who attend school.

Supervisory Union No. 16 offices were relocated in August of 1970, to its present address at 24 Front Street, third floor. The elevator at the parking lot in the rear of the building gives the visitor his most convenient and direct access to the Superintendent's office. With the addition of a seventh town, Brentwood, to Supervisory Union No. 16, effective July 1, 1971, the workload of the office will undoubtedly increase significantly. Enrollment within the Union is likely to run in the neighborhood of 3700 pupils during 1971-72. Not many years past, the Union educated only half this number of pupils.

There was one full time teacher and two part-time teachers new to the Kensington School in September, 1970. One full-time and one part-time were replacements. One part-time, in corrective reading, was a newly created position. The present staff and their assignments are listed below:

Miss Robin Whittemore, Principal, Grade 6

# KENSINGTON TOWN REPORT

Mrs. Karen Ouellette, Grade 1  
 Mrs. Ruth Sargent, Grade 2  
 Miss Joanna Irvine, Grade 3  
 Mrs. Margaret McCune, Grade 4  
 Mrs. Shirley Smith, Grade 5  
 Mrs. Sally Wool, Music  
 Mrs. Carol Graves, Remedial Reading

The tuition rates for 1971-72, as approved by the State Department of Education and announced by the Exeter School Board, are:

Estimated Per Pupil Cost for 1970-71	\$880.51
Grades 9-12	
Rental Charge	37.49

Total 1971-72 AREA High School Tuition	\$918.00
Estimated Per Pupil Cost for 1970-71	
Grades 7-8	\$764.67
Rental Charge	40.33

Total 1971-72 AREA Junior High School Tuition	\$805.00
---	----------

These estimated per pupil costs for 1970-71 are the basis for setting tuition rates for 1971-72 in accord with the AREA contract; a rental charge is added to make up the total tuition. The new tuition rates for 1971-72 compare with the state average per pupil costs of \$7.59 per High School pupil and \$7.28 per Junior High School, exclusive of rental charges. One should note that the state average is based on operating expenditures for all New Hampshire schools for the year 1969-70. This places the State costs two years in arrears of tuition year costs while Exeter costs are one year in arrears of tuition year costs.

Your attention is directed to the following reports and tables.

## REPORT OF THE TEACHER CONSULTANT Frederick B. King

For the past year a major study has been under way in a Science curriculum study, Grades 1 to 12. The program selected for the Elementary schools was Science — A Process Approach which places emphasis on students participation rather than the learning of an isolated body of facts. The program is already in the first three grades and some of the fourth and fifth grades. It is being well received by teachers and pupils.

Workshop sessions were held this fall in order to give teachers the necessary background methods of handling this program.

An excellent method of evaluating pupils' achievement and progress is built into the program. This goes along with

## KENSINGTON TOWN REPORT

today's educational trend of achieving instructional objectives that are measurable in the child's learning process.

I am continuing to act as Federal Title Director as various projects with Federal funding come into our union.

Our transition classes for immature Grade One aged children continues as a highly successful Federal Funded project. The school year 71-72 will see Federal Funds dropped on this project. I am in hopes that local budgets can pick up this worthwhile activity of learning.

Through the National Defense Education Act I was able to obtain 50% of the cost of implementing the new Science program. This enabled us to get it into more classrooms faster than previously planned with local funds.

The ESEA Title II library project will put approximately 1500 new library books into our elementary and secondary libraries. We also have available a film-strip library which serves all our communities.

Two new exciting projects for which we hope to receive Federal funds are now in the planning stages. One will investigate new ways to teach reading and the other will concern itself with learning disabilities. I hope by next year to have a favorable report regarding these projects.

On July 1, 1971 I start my tenth year in the service of this area and each new year brings new and exciting ways of working with teachers and pupils. May I take this opportunity to thank everyone for the support shown as we try to improve the programs of our schools.

### **1971 REPORT OF THE BUSINESS ADMINISTRATOR**

**Daniel C. Durgin**

Rising enrollments, increasing costs, the lack of meaningful state revenue, and the consequent climb in tax rates continue to plague those of us who must live with these problems daily. Education, perhaps more than any other single field, is caught up firmly in today's economic squeeze. I sometimes feel that the general public believes that we in educational administration are unconcerned about rising school budgets and the impact they have on the taxpayer. I can only say that we are genuinely and very deeply concerned and troubled with the economics of our schools.

It is perhaps true that only one involved directly with public education can fully appreciate the almost impossible task of balancing a sound and meaningful educational program with

## KENSINGTON TOWN REPORT

revenue requests that are manageable for the proporey owner and taxpayer. Unfortunately, it is he to whom we look for 70% 90% (depending upon the district) of our total revenues.

It is my personal opinion that we must consider other methods of funding all local services including our schools. The property (real estate) tax is an archaic form of taxation originally levied many, many years ago when only those of financial means owned property. Given that situation and the fact that land was once the major source of wealth, the property tax made good economic sense. In 20 century, industrialized America, it no longer makes sense.

Today the circumstances are very much different. Now the property tax is rapidly developing into a levy which pits neighbor against neighbor, discriminates against the less advantaged and those on fixed retirements, and in all too many cases, has placed towns in the real estate business selling property for unpaid taxes.

From where I sit, it seems apparent that something has to be done. I see no possibility, with increasing population and the effects of inflation, of school budget going anywhere but up. It is imperative that we work toward a re-structuring of our system of taxation in order to bring about a more equitable climate for all.

Sounding a more cheerful note, I feel great progress has been made in Union No. 16 over the past 18 months in bringing the districts together into a more viable economic unit. Much has been accomplished in the area of joint bidding and purchasing, yielding significant savings to all of our towns. Positive steps have been taken in an effort to update, where necessary, and maintain our facilities in sound physical condition. Efforts are currently under way to streamline, wherever possible, our transportation system looking toward sharing buses among towns where new route and additional buses become necessary. New methods of budgeting have been introduced which provide even greater detail than was previously possible and which, hopefully, will give your School Board members the kind of information which you, their constitutents, demand and are entitled to.

In summary, let me say that my service to you continues to be demanding and challenging but always personally rewarding.

I look forward to working for and with you in the months and years ahead.

### SCHOOL HEALTH REPORT

To the Superintendent of Schools:

The School Health Service is designed to serve the physical and emotional needs of all children in the school system — collectively and individually; to promote an awareness among parents and educators of these needs and of available help through this department. The School Nurse offers leadership and guidance to the development and maintenance of the over all health program.

Specific health services were listed in detail in the 1969 report and have been carried out in much the same pattern during the past year. Parents are welcome and encouraged to visit the health office for conference when there is a health related concern to be discussed.

Through education only can we expect returns from our efforts to establish understanding and good practices of health, hygiene, and safety. We plan to have interesting speakers, new films, filmstrips, publications and other aids to enrich the health education curriculum — ideally for use in connection with special class units at a time when material will be most interesting and useful to the students.

Phase II of the three part in-service training project developed last year in cooperation with the N.H. Department of Special Education, was directed by Dr. Clyde Shepard, Keene State College, and recently carried to a conclusion after a series of seven classes. This seven week course for tutors and aides was primarily to offer basic information and techniques on working with the learning handicapped child either in the classroom or on a one to one basis. It is hoped that all who attended will feel more confident and motivated in the time they so generously contribute toward rescuing a child who "cannot seem to learn."

The earlier our investment of time, talent, and funds the more realistically we may anticipate success in reaching these children before it is too late. Utilization of all community resources is essential if we hope to fulfill our obligation toward meeting their learning needs.

Finally, plans are now being developed for a parent program of six weekly sessions through which parents may have an opportunity to hear outstanding professionals in the field of child psychology and special education, to join in discussion groups and thereby gain in their knowledge and understanding of children who may be educationally or socially handicapped. Indeed, many of these discouraged-through-failure children do

present behavior problems in the home and any program intended to fully serve the needs of these children must, therefore, reach not only educators and para-professionals, but parents — parents whose role in understanding, management, and encouragement of this special child is vital. Dates and further details of meetings will soon be announced.

I should like to acknowledge with gratitude the many valuable hours contributed by Health Service Volunteers. Only their competent assistance has enabled us to carry out our far reaching Health Service program. My appreciation is also extended to the Superintendent of Schools, Members of the School Board and teaching personnel with whom it has been a pleasure to work.

Respectfully submitted,

VIRGINIA D. HOLDER, R.N.

### RECORD OF 1970 SCHOOL DISTRICT MEETING

Kensington, N. H. March 7, 1970

The annual School District Meeting was called to order by the Moderator, Horace M. Gourley, at 7:30 p.m. The warrant was read and the invocation was given by the Rev. John Akehurst followed by the salute to the flag.

**ARTICLE 1:** To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the School District.

Gerald Easson moved that the salary of the chairman of the School Board be raised to \$500.00 and that the salary of the other two School Board members be raised to \$450.00. The motion was seconded by Harold Bodwell, Jr. It was a vote in the negative.

Harold Bodwell, Jr. moved that the salaries of School District Officers be doubled. The motion was seconded by Charles Bickford. The vote was in the affirmative.

**ARTICLE 2:** To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen and pass any vote relative thereto.

Henry Dillenbeck, Chairman, gave the report of the Study Committee for Future Educational Needs and Facilities. The committee recommended an addition measuring 40 by 60 feet to be added to the back of the present school building to meet the needs for estimated projection of school enrollment of 195 pupils by 1975. The committee recommended that a five person building committee composed of lay persons as well as school personnel be appointed to further study the needs of education and building facilities.

James Rosencrantz stated that the American Legion was holding Bingo Parties, the profits to be applied toward either a new town hall or school expansion project. Hopefully the proceeds of these Bingo Parties would go a long way towards paying for the school expansion.

Henry Dillenbeck moved that a new study committee be formed to consist of the present committee plus four new persons. The present committee being Henry Dillenbeck, Richard Drew and Elizabeth Perry, School Principal. The motion was seconded by James Rosencrantz. The vote was in the affirmative.

**ARTICLE 3:** To choose Agents and/or Committees in relation to any subject embraced by this Warrant.

Gordon Swift moved that we pass over Article 3. Richard Drew seconded the motion and the vote was in the affirmative.

ARTICLE 4: To see if the School District will vote to approve an additional Supervisory Union 16 Special Class for the purpose of educating handicapped and/or retarded learners at a total cost of Ten Thousand Dollars and to raise and appropriate the sum of Six Hundred Fifteen Dollars (\$615.00) as Kensington's share of the expense of this class.

Henry Dillenbeck moved that we adopt Article 4. The motion was seconded by Gerald Easson. Discussion followed. The vote was in the affirmative.

ARTICLE 5: To see what sum of money the School District will vote to raise and appropriate for the support of schools for the payment of salaries for School District officials and agents and for the statutory obligations of the District.

Richard Drew moved that the sum of \$191,938.00 be raised and appropriated for the support of schools. The motion was seconded by Charles George. Discussion followed. The proposed budget was explained by the School Board. The vote was in the affirmative.

ARTICLE 6: To transact any other business that may legally come before the meeting.

Richard Drew introduced Daniel Durgin, new business manager for Supervisory Union 16.

A round of applause was given to the unpaid volunteer Teacher Aids who have been of great assistance to the teachers. The meeting adjourned at 8:20 p.m.

Horace M. Gourley, Moderator, appointed the following Committee for further study of school expansion needs: Joan Engel, Chairman, Richard Drew, Henry Dillenbeck, Donald Upton, Charles Bickford, Melvin Armstrong, Jr., plus Alan Pardy, Robin Whittemore, School Principal and Daniel Durgin, Union Business Manager serving in an advisory capacity.

## **INFORMATION FOR KENSINGTON RESIDENTS**

### **LICENSING OF DOGS**

Each owner of a dog 3 months old or over must register the dog with the Town Clerk, before May 1st Each dog over 3 months must have received a "rabies vaccination;" certificate of vaccination to be presented to the Town Clerk at time of licensing Each dog must wear a collar around its neck; attached to said collar a metal tag distinctly marked with its register number.

License fees are as follows: Male and spayed female — \$2.00; female — \$5.00. Kennel licenses are available for owners of 5 or more dogs; \$1.00 penalty if not paid by June 1st.

### **DISPOSAL AREA REGULATIONS**

The operating days and hours of Kensington Town Dump are from 8 A.M. to 4 P.M., Saturday and 8 A.M. to 12 P.M. Sunday. The Dump is for Kensington residents only. Dead animals or fowl must not be brought to the Dump. No fires will be set at the Dump by anyone but the custodian of the Dump. Anyone setting fires other than the custodian will be dealt with severely.

### **JUNK CAR REGULATIONS**

A recent New Hampshire Statute requires anyone with two or more unregistered or old cars no longer intended or in condition for legal use on highways or used auto parts equal in bulk to two vehicles must obtain a license or be subject to a \$10 a day fine and a mandatory injunction to end the violation by the selectmen or city council. New and used car dealers registered as such are not considered auto junk dealers but must remove any junk cars from their premises within 160 days.
